FREE PLACES

We provide 15 and 30 hour free places for all eligible children. Free hours may be used between 09:00 -16:00 and can be used pro-rata across the year (48 weeks).

When using free hours your child must be in setting within 15 minutes of their session time starting. We are not allowed to claim for funding if your child is routinely not in setting shortly after their booked session starts, and we may need to charge our hourly rate instead.

Where the number of free hours does not cover the number of hours booked, the hourly rate for the session booked will be applied. For full days this is £8.00 per hour between 08:00 and 17:00, for school days this is £8.29 per hour, and for half days this is £8.75 per hour between 09:00 and 16:00.

Extra hours may be booked, and all are charged at £9.10 per hour if not included in your chosen session. This is for the late hour (17:00-18:00) and for school hours days, an early hour (08:00 – 09:00) and a tea hour (16:00-17:00).

Any ad-hoc hours agreed by the Nursery Manager in advance are also charged at £9.10 per hour.
